Abdukhamid Rakhmonov

Fullstack Web developer

I always try to be developer a man.

WORK EXPERIENCE

Fullstack web developer

iTeach,TeamPro

01/2020 - 06/2021

Fergana,Tashkent

I learnt a lot of knowledge in iTeach company. There are several experienced guys who I learnt a lot from them, too!

▫ Fullstack web developer

PROFESSIONAL SUMMARY

I have been interested in Computer science,mathematics since my childhood. In order to continue my studying I entered Tashkent information of technology university, Computer engineering faculty. I am sure that I've taken enough knowledge there. During studying I learnt some international languages such as English,Russian to find new information related to programming languages. Nowadays my basic goal is to work for an international software company.
